- Automated Evaluation: WAVE (Windows 11/Chrome)
- Color Contrast Verification: Color Contrast Analyzer (Windows 11/Chrome)
- Browser Zoom Assessment: Windows 11/Chrome
- Keyboard-Only Navigation Testing: Windows 11/Chrome
- Text Spacing Validation: Bookmarklets (Windows 11/Chrome)

Retesting Obligations

A subsequent accessibility evaluation shall be required:

1. **Annually**, i.e., one year from the date of issuance of this certificate; or
2. **Earlier than one year**, if any material change occurs to the product, service, or content, including but not limited to substantial upgrades, introduction of new features or functionalities, or significant modifications to the user interface, user experience, design, or underlying source code, insofar as such changes may affect accessibility compliance.

Interpretive Provision

For this certificate, substantial upgrades or significant modifications include any changes to functionality, design, code, or user experience that may materially impact accessibility. In cases of doubt, interpretations shall be made in favor of ensuring maximum accessibility for persons with disabilities.
